

Quad Plus™

INDUSTRIAL SAFETY

FOUR STEP SAFETY REVIEW

Quad Plus provides a multi-step Safety Review and documentation package with emphasis on the new machine control and reliability standards specified in ANSI B11, ISO 13849 and IEC 62061.

- Conduct formal Peer Risk Assessments
- Identify appropriate remediation strategies
- Assist in creating engineering control solutions
- Deliver on-site third party validation of safety functions

REGULATIONS & STANDARDS

Today's close relationship between OSHA regulations and ANSI standards means simply "complying with OSHA" still leaves your organization legally vulnerable. Performing a formal risk assessment and documenting your organization's safety mitigation efforts can serve as an important element of a legal defense in the unfortunate event of a mishap.

PROACTIVE APPROACH

Quad Plus helps our customer by providing controlled access to 'muting zones' for tasks such as adjustment, cleaning, and replenishment allow the adjoining processes to remain in a productive state without the need to lose production time for lockout-tagout tasks.

Quad Plus helps our customer by providing third-party verification of ANSI B11, ISO 13849, IEC 62061, and ISO 12100 conformity.

About Quad Plus

Quad Plus provides industrial control systems, solutions, and services. We offer an uncompromising level of service and expertise to maintain our customers' productivity. Our extensive process and engineering knowledge spans from the utility pole to the motor shaft. With an on-going commitment to follow-up service, parts, and repairs, we are all you need for continued success.

We are recognized in the field as a leader in drive and motor control. Solutions are designed in-house through research and development tailored to meet each client's specific needs. Our engineering staff includes electrical, mechanical, civil/structural, chemical, and controls engineering.

FACILITIES

- Chicago, IL
- Atlanta, GA
- Appleton, WI
- Houston, TX

SATELLITE FACILITIES

- Boston, MA
- Evansville, IN
- Fort Myers, FL
- Mobile, AL
- St. Louis, MO
- Bend, OR
- Los Angeles, CA
- Kansas City, MO

LARGE DRIVES - AUTO SHREDDING

INDUSTRIAL APPLICATIONS

OIL, GAS and MARINE
